

Dräger X-plore 1310 Filtering face piece FFP1

ST-1 027-2005

To meet the demands of today's industrial workplaces, Dräger has developed a new range of filtering face pieces, the Dräger X-plore 1300 Series. With end-user requirements in the forefront, the focus of this respirator series is safety and comfort. The result: a comfortable, ergonomically designed filtering face piece for use against solid or solid and liquid particles. Advanced filter media combined with a modern design guarantees maximum comfort, safety and user acceptance.

Whenever respiratory protection for dust is needed, e.g. carpentry applications like sanding and grinding, Dräger X-plore 1310 filtering face pieces provide you with a perfect solution.

trol comfort valve. This exhalation valve helps to reduce moisture and hot air build-up inside the mask, allowing you to breathe easier.

Major features include the plastic coated nose clip and a foam nose pad - making it easy for you to get a secure seal - in the hard-to-fit nose area.

Dräger X-plore 1310 filtering face pieces are available in one size designed to fit a wide variety of different face shapes and sizes.

Available with or without the climate con-

Discover the benefits of Dräger X-plore 1310 for yourself.

ST-1114-2005

X-plore 1310 FFP1: Without exhalation valve

ST-1113-2005

X-plore 1310 FFP1 V: With exhalation valve

FEATURES & BENEFITS

Colour Coded Nose Clip & Valve	Dark blue colour coding. Easy to distinguish between FFP1, FFP2, and FFP3.
Plastic Coated Nose Clip	No sharp edges get in your way!
Foam Nose Pad	Ensures a secure seal in a hard-to-fit area.
Ergonomic Design	Comfortably and securely fits a wide range of face shapes.
Climate Control Comfort Valve	Low breathing resistance without heat build-up.
Advanced Filter Media	High efficiency media filters out both solid and liquid particles.
One Size Fits All	Keeps logistics easy.
Fit with safety goggles	Good nose sealing and no fogging.

TECHNICAL DATA

Head harness	Synthetic elastics
Nosepiece	Plastic-coated metal wire
Filter media	Synthetic filter media
Exhalation valve (V-models)	Polyamid/Rubber
Weight FFP1	11 g
Weight FFP1 V	14 g
Approvals	The X-plore 1310 masks are tested against and approved to EN 149:2001 and fulfil the safety demands in EU directive 89/686. The products are CE-marked.

ORDER INFORMATION AND RESTRICTIONS

Filter class	Multiples ¹⁾ of the limit values ²⁾	Product name	Pcs/Box (minimum order)	Order-No.
FFP1	4	X-plore 1310 FFP1	20	39 51 200
FFP1 V	4	X-plore 1310 FFP1 V	10	39 51 201

¹⁾ Subject to modification based on national regulations.

²⁾ Limit values can e.g. be MAK-values (MAK = German acronym, concentrations at the workplace) and values such as O.E.L. (Occupational Exposure Limit). In this respect it is possible that for some substances special workers' protection rules apply.
