

Electrical Plug Lockout – 487-488

Electrical Plug Lockout device surrounds the electrical plug to protect against accidental reconnection.

- ✓ Surrounds the electrical plug to protect against accidental reconnection
- ✓ Two sizes for a better adaptability
- ✓ Unique rotating design allows for easier installation in confined space applications
- ✓ Compact size easily stored when not being used
- ✓ Can be locked with 2 padlocks and more with a safety hasp
- ✓ Includes high-visibility permanent « Danger » and « Property of » safety labels (English, French, Spanish). Can be written-on to identify the responsible person, then erased for the next job

Technical Features

- Tough, lightweight dielectric Xenoy® thermoplastic bodies
- Heat resistance from -47°C to 177°C
- Chemical resistance
- Corrosion resistance
- U.V stable
- Works with 110V, 220V, 550V plugs
