

Product Family

Premium range

Ergonomically designed for a high additional comfort

Range of highly comfortable and ergonomically designed single-use respirators. Leverages the Willtech™ soft seal technology for an improved fit and exceptional comfort. Ideal for demanding environment. Available in moulded and flat-fold versions. Available in FFP1, FFP2, FFP3. Dolomite tested.

Product Numbers & Ordering Information

	Product Numbers	Details
	1005580	Honeywell 5110 M/L - FFP1 NR D FFP1 Non Reusable Moulded EN particulate respirator with a Willtech™ half-face seal and twin-stapled elastics. Dolomite tested. Size Medium-Large. Boxes of 20.
	1005113	Honeywell 5110 XL - FFP1 NR D FFP1 Non Reusable Moulded EN particulate respirator with a Willtech™ half-face seal and twin-stapled elastics. Dolomite tested. Size Extra-Large. Boxes of 20.
	1005582	Honeywell 5111 M/L - FFP1 NR D FFP1 Non Reusable Moulded EN particulate respirator, with a valve, a Willtech™ half-face seal and twin-stapled elastics. Dolomite tested. Size Medium-Large. Boxes of 20.
	1005584	Honeywell 5210 M/L - FFP2 NR D FFP2 Non Reusable Moulded EN particulate respirator with a Willtech™ half-face seal and twin-stapled elastics. Dolomite tested. Size Medium-Large. Boxes of 20.

	1005586	Honeywell 5211 M/L - FFP2 NR D FFP2 Non Reusable Moulded EN particulate respirator, with a valve, a Willtech™ half-face seal and twin-stapled elastics. Dolomite tested. Size Medium-Large. Boxes of 20.
	1005099	Honeywell 5211 XL - FFP2 NR D FFP2 Non Reusable Moulded EN particulate respirator, with a valve, a Willtech™ half-face seal and twin-stapled elastics. Dolomite tested. Size Extra Large. Boxes of 20.
	1005588	Honeywell 5221 M/L - FFP2 NR D FFP2 Non Reusable Moulded EN particulate respirator, with a valve, a Willtech™ full-face seal and adjustable braids. Dolomite tested. Size Medium-Large. Boxes of 5.
	1005120	Honeywell 5221 XL - FFP2 NR D FFP2 Non Reusable Moulded EN particulate respirator, with a valve, a Willtech™ full-face seal and adjustable braids. Dolomite tested. Size Extra-Large. Boxes of 5.
	1005602	Honeywell 5321 M/L - FFP3 NR D FFP3 Non Reusable Moulded EN particulate respirator, with a valve, a Willtech™ full-face seal and adjustable braids. Dolomite tested. Size Medium-Large. Boxes of 5.
	1005126	Honeywell 5321 XL - FFP3 NR D FFP3 Non Reusable Moulded EN particulate respirator, with a valve, a Willtech™ full-face seal and adjustable braids. Dolomite tested. Size Extra-Large. Boxes of 5.
	1005605	Honeywell 4110 - FFP1 NR D FFP1 Non Reusable Foldable EN particulate respirator, with a Willtech™ half-face seal and a sliding elastic ring. Dolomite tested. Size Medium-Large. Boxes of 20.
	1005608	Honeywell 4111 - FFP1 NR D FFP1 Non Reusable Foldable EN particulate respirator, with a valve, a Willtech™ half-face seal and a sliding elastic ring. Dolomite tested. Size Medium-Large. Boxes of 10.

Premium range

	1005611	Honeywell 4210 - FFP2 NR D FFP2 Dolomite tested. Foldable EN particulate respirator mask, Willtech™ half-face seal and sliding elastic ring. Size Medium-Large. Boxes of 20.
	1005614	Honeywell 4211 - FFP2 NR D FFP2 Dolomite tested. Foldable EN particulate respirator mask, with valve, Willtech™ half-face seal and sliding elastic ring. Size Medium Large. Boxes of 10.
	1005630	Honeywell 4311 - FFP3 NR D FFP3 Dolomite tested. Foldable EN particulate respirator mask, Willtech™ half-face seal and sliding elastic ring. Size Medium-Large. Boxes of 10.

Overview

Key Features

- Compliant with EN 149:2001 + A1:2009
- Exists in moulded or flat-fold versions, valved and unvalved versions
- Colour nose-bridge to identify protection level (FFP1 - yellow, FFP2 - green & FFP3 -orange) : instant identification for a fitting time saving
- Wiltech™ face seal absorbing perspiration offering more comfort for the end-user. The seal foam and sealing film improve individual fitting and safety
- Lightweight to reduce wearer's fatigue
- High quality exhalation valve to facilitate effortless breathing during period of extended use
- Ideal for demanding working environment
- Silicone-free
- Latex-free
- PVC free : environmentally-friendly

Moulded version - Thermoformed shells with a large inner volume: ease of movement for an optimised comfort

- Highly flexible and resistant twin-stapled elastic bands
- Elastics stapled outside of filtering surface to avoid preferential airway for particulates
- Adjustable braids on some FFP2 and FFP3 models for an easy and accurate individual adjustment offering more comfort

Fold-flat version - Ease of storing

-

- Single elastic without staples
- Chin strap included for an excellent comfort and an improved face seal
- Individually packaged to maintain product integrity in work environments

Recommended Industries/Use

- Agriculture
- Chemical
- Construction
- Fire Protection
- Food Services
- Forestry
- Manufacturing
- Mining
- Municipal Services
- Oil and Gas
- Pharmaceutical
- Steel and Metals
- Utilities
- Wind Energy

Hazards

- Airborne Particulates
- Biohazard
- Chemical
- Contamination
- Gas, Vapors, Smoke

Specifications

Regulations	Compliant with EN 149:2001 + A1:2009
Dolomite	Passes the optional clogging test
ATEX	Meets ATEX 1999/92/CE for the moulded models 5111 M/L, 5221 M/L & 5321 M/L.
