

PYRAMEX

THE PEAK OF SAFETY AND STYLE

European Master Catalog

Why Pyramex?

A global market leader in innovation. With distribution in over 60 countries, Pyramex has become one of the world's leading providers of safety products by delivering innovative and stylish product lines, exceptional attention to customer service, and a mindset that we succeed when you succeed. Before a single Pyramex product leaves our plant, we listen to the needs and observations of our distributors and end users, invest countless hours in research, design, and testing, and work to make sure our products meet the highest industry safety standards. When you place a Pyramex product on your shelves, you can do so with confidence, knowing we stand behind everything we produce.

A mindset toward others. As a business owner, nothing is more important to you than the satisfaction and peace of mind of the people you serve – your customers. For more than 20 years, we have cultivated our environment with you and your business in mind. We have become an industry leader by doing things the right way, whether it's taking extra measures to manufacture an exceptional product or double-checking a rush order to a client on the other side of the world. If it's important to your business, it's important to ours.

A passion for excellence. We continually seek better methods of delivering product and service. We believe that every time we touch a customer's life, we should provide added value for that customer. Pursuing excellence means we must know our customers, understand their needs and expectations, regularly listen to them, and adjust our processes and procedures to more effectively serve them.

Serving others. We value what our customers can teach us. Once you become a Pyramex distributor, our customer service specialists work closely with you to understand your business goals and look for ways we can help you achieve them. Service to our customers comes first.

- No automated answering service – we answer your call directly, so that we can act immediately. Each customer has an assigned in-house rep to serve your business.
- Most orders ship the same day.
- Private labeling programs are available.
- We actively pursue opportunities to bring new business to you.

Superior products. Pyramex's products have long been recognized as a market leader when it comes to protection, style, comfort and innovation. Before we introduce a new product, we listen to our distributors and their customers.

- Safety. All of our products meet or exceed the highest industry safety standards and are independently tested.
- Style. The more stylish a personal protective product looks, the more likely it will be worn.
- Comfort. We design products that are maximized in comfort so that the user can wear it all day long.
- Innovation. We continually offer products that are unique to the marketplace to insure our customers have a competitive advantage and maintain healthy profit margins. Try on a Pyramex product and you will see and feel the difference.

The Pyramex Promise

At Pyramex, our promise to our customers is to provide the best possible products, the best possible service, and most importantly, an attitude of making our customers' lives easier on a day-to-day basis. Our values challenge us toward a commitment to truth and to deliver what we promise.

How to order

Pyramex Safety products are available for sale through Authorized Distributors. Please contact us for a distributor near you.

Phone: +44 [0] 1635 254220

Lens Colours

Pyramex offers a wide variety of lens colours for eyewear protection. The scratch resistant polycarbonate lenses provides 99% UVA/B/C protection.

Clear

General purposes for indoor applications that require impact protection.

Grey

Commonly used in outdoor applications. Offers protection from excessive glare.

Amber

Commonly used in indoor, low light applications. Enhances contrast.

Orange

Offers high contrast and low light image resolution.

Coffee

Commonly used in outdoor applications. Best for enhancing depth perception.

Sandstone Bronze

Commonly used in outdoor applications. Offers contrast in low light conditions.

Infinity Blue

Commonly used in indoor applications where there is an excessive amount of yellow or sodium vapour light. Offers a high level of contrast.

Indoor /Outdoor Mirror

Clear UV400 polycarbonate lens provides 100% protection from harmful UV-A and UV-B rays. Coated with a light gold mirror finish to reduce glare. Commonly used where it is required to move between indoor applications to outdoor applications.

Blue Mirror

Grey polycarbonate lens with blue mirror coating. Commonly used in outdoor applications. Reduces glare.

Silver Mirror

Grey polycarbonate lens with silver mirror coating. Commonly used in outdoor applications. Reduces glare.

Sky Red Mirror

Grey polycarbonate lens with a double layer of silver and red mirror coatings. Commonly used in outdoor applications.

Ice Orange Mirror

Grey polycarbonate lens with a double layer of silver and orange mirror coatings. Commonly used in outdoor applications.

Ice Blue Mirror

Grey polycarbonate lens with a double layer of silver and blue mirror coatings. Commonly used in outdoor applications.

1.5 IR Filter

Commonly used for peripheral personnel who are not exposed to direct IR radiation.

3.0 IR Filter

Commonly used around welding sites or for light brazing or cutting.

5.0 IR Filter

Commonly used around welding sites or for medium to heavy cutting and medium to heavy gas welding.

Grey Polarised

Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.

H2X™ Lens Treatment

H2X anti-fog technology blocks out fog, mist, sweat and steam. With H2X, vision will remain optically clear in any weather element. H2X anti-fog, anti-scratch coating is bonded to the lenses, and will continue to be effective even after repeated cleanings. H2X technology is available in select models of Pyramex safety eyewear.

I-Force® and I-Force Slim

12/box 144/case

- Quick Release interchangeable temples and strap.
- Vented foam carriage.
- Scratch resistant polycarbonate lens provides 99% UVA/B/C protection.
- H2X anti-fog lenses.

- Dual pane lens provides the ultimate anti-fog performance.
- Outer polycarbonate lens protects against the environment, while inner acetate lens is designed to prevent fogging.
- Outside lens is coated with H2X™ Anti-fog Technology.

Grey Polarised

Polarised lenses eliminate glare, which distorts the true colour of objects and makes them harder to distinguish. Glare also causes a mirror-effect on wet surfaces so that objects below the water's surface cannot be clearly distinguished. Glare can be uncomfortable causing eye fatigue from squinting.

 IR 3 Anti Fog Lens with tinted* Shield

 IR 5 Anti Fog Lens with tinted* Shield

**NOTE: Only the goggle for EGG504TSHIELDIR3 and EGG504TSHIELDIR5 contains IR dye. Due to the nature of the vented holes, the shield is only green tinted and does not contain the IR resin.*

VPACK6

Pack of 6 clear disposable, tear-off visors, suitable for high dust or muddy working environments.

ECAPSHIELD • •

Ratcheting shield includes strap and clips allowing the user to add to either of the Capstone 500 Series goggles (page 31) or the Capstone Dual Lens (page 32).

V2G-Plus™

1/box 144/case

- Includes a wide adjustable elastic strap with quick release system for secure fit.
- TPU frame features excellent resistance to cold and heat.
- Thermo Lens System provides excellent resistance to fogging caused by temperature difference between indoor and outdoor or between on-site and ambient environment.
- Special indirect ventilation system located at the top and bottom of frame allow air flow and heat release.
- Multi-functional goggle with 180° vision, protects against chemical splash, sun glare, dust, flying particles, wind.
- Outer polycarbonate lens protects against the environment, while an inner lens prevents fogging.
- Inner lens is made from acetate, separated by a thin spacer of air, sealed together with foam.
- Scratch resistant polycarbonate lens provides 99% UVA/B/C protection.

EVERYONE WHO USES A COMPUTER NEEDS EYE PROTECTION.

Even though many people have not heard of it yet, Computer Vision Syndrome (CVS) is the eye problem of the decade. After long hours in front of a computer, workers and gamers alike experience a full range of discomforting and painful symptoms. The American Optometric Association says as many as 90% of the world's computer users may be affected.

Now Pyramex puts you in the forefront of this vast emerging market. Our custom-tinted glasses are proven to reduce many of the most painful symptoms of CVS. And, as usual, Pyramex innovation delivers streamline style and superior quality at a popular price point.

This is the product most computer users are destined to own. Contact us now to find out how Pyramex can help you get out in front of your competition in the yet untapped market.

Improving accuracy

- Yellow tinted lenses preserve colour recognition while improving your percentage of depth perception and contrast.

Higher protection

- DV30 lenses provide protection against UV Radiation up to 400nm. The UV absorbing lenses protect eyes from harmful neon and halogen light.

Less fatigue

- High definition lenses block out 65% of blue light. This will enhance the sharpness of objects which reduces eye fatigue, tired, or sore eyes, that can lead to headaches.

Greater comfort

- Anti-reflective coating decreases computer glare and overhead fluorescent glare.

Recommended for office

- Artificial light in an office environment quickly leads to eye fatigue, and working on the computer puts a strain on the eyes. It's particularly important to use anti-reflective coatings to protect your eyes while working.

Recommended for driving

- Enhanced colour recognition provides you with improved safety & faster recognition of potential hazards on the road, especially at night. The reflections of street lamps and headlights on your lenses are virtually eliminated.

High durability

- Anti-reflective coatings enhance the quality and extend the lifetime of your lenses by providing superior scratch resistance, durability and resistance to dirt and water.
